

SURVEY

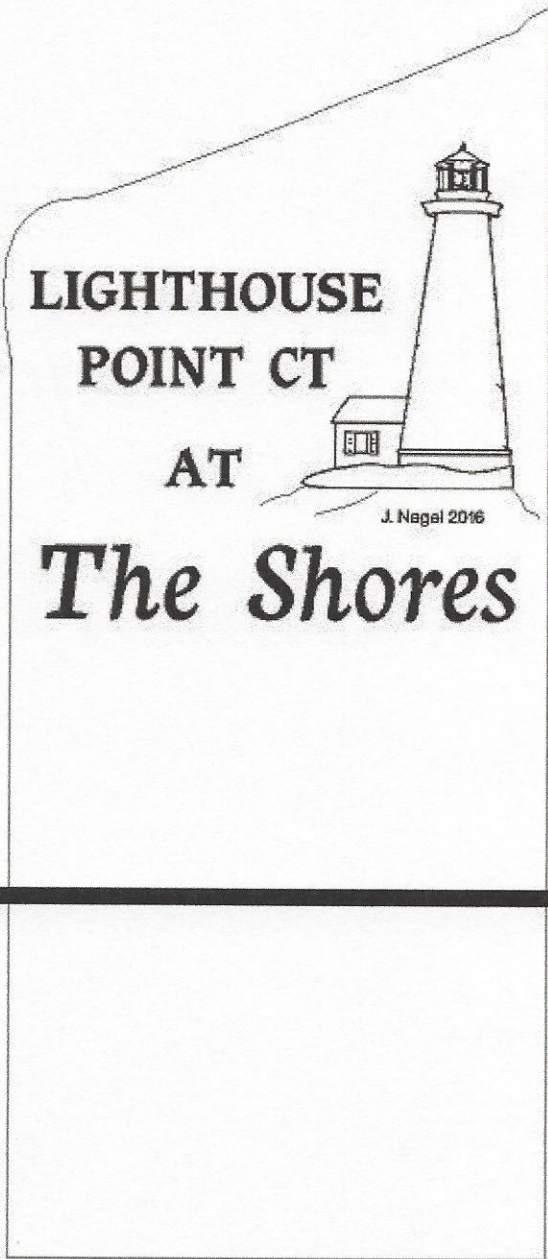

COMPLETION OF WEST ISLAND ON LIGHTHOUSE POINT

Phase one (removal of the evergreens) and phase two (placing boulders, cobbles, stone and sod) on the island toward the west end of Lighthouse Point Court have been completed. Because of potential additional funds required, it is now very important to the Board to consider the opinions of all the Shores residents on whether to proceed with additional improvements. We would like you to vote on the three (3) options below. You may vote for both options 1 and 2. **PLEASE RETURN THE SURVEY NO LATER THAN TUESDAY, 5/29/18 TO WILTGEN PROPERTY MANAGEMENT, SILVER BOX TO THE LEFT OF THE FRONT DOOR AT 5360 LIGHTHOUSE POINT COURT OR EMAIL TO bmwiltgen@gmail.com.** If you are unable to print this copy, there are hard copies in the box by the mailboxes.

1. _____ I would like to place a stone monument with Lighthouse artwork and the words "LIGHTHOUSE POINT CT at THE SHORES (cost approximately \$2000, including the stone and etching). (artwork and mock up attached)

2. _____ I would like to place a few native plants and grasses in the rocked area, drip line in place (\$200 to \$300 installation, volunteer labor) and refresh plants and cobble yearly if required - not more than \$200/yr).

3. _____ I would like to leave the area at its current state of completion and keep it cleaned and refreshed yearly with cobble as needed (not more than \$200/yr). We can always revisit later.
